Subject: [External] Request to schedule Public Hearing

Greetings:

I am a customer of Dominion Energy, living in Beaufort, SC.

I understand that Dominion Energy's Integrated Resource Plan is soon to be considered by the Public Service Commission without a Public Hearing.

I urge the PSC to schedule Public Hearings on Dominion's Docket number 2023-9-E.

I believe the public has a right to hear about Dominion's plans that could have far reaching impacts on all of its customers and perhaps others as well.

Thank you for your consideration,

Frank H Anson
